Think of What You Get

In Music at the Chautauqua

IF you like good music, and the chances are you do, you will be greatly interested in the Chautauqua. It is a most important part of the big five day's program.

THE music of the Chautauqua is alone worth the price of the whole season ticket, that admits to music, lectures, entertainment—everything.

LOOK OVER THIS LIST

Hawaiian Singers and Players

MUSIC as it is sung, murmured, string, picked and chanted in the huts of historic Hawaii.

The Berkeley Sextette

AMERICA'S best-known entertainment orchestra. Six charming girls, giving popular hits, patriotic airs, songs and sketches in costume.

British Isles

June 2, 1918.

Dear Mr. Chandler: Well, if you will spare me a small amount of space in your paper, I will tell you where I have been the last three months.

We were at the Great Lakes almost four weeks. While there in detention camp we had three shots as the boys call it, that made us feel pretty bad. While at Great Lakes we heard Secretary of the Navy Joseph Daniels speak. He certainly told us many things. We had very good eats and slept on cots.

From there we were sent to Philadelphia, Penn. We boarded a train at 3 o'clock p. m., rode all night, next day and all that night and landed next morning. We were sure tired. As we passed through Pittsburgh the Red Cross gave us apples, candy and chewing gum. The Red Cross certainly treats the boys nice.

We passed through Indiana, Ohio, Pennsylvania, New York and New Jersey. While in Philadelphia I heard a Canadian captain speak and also the Irish soldier, who fired the first shot of the war between the United States and Germany. We certainly are hearing and seeing a great many things.

We boarded the ship Housatonic May 8, at Long Island. We were on the water 13 days and nights. Maybe you think we were not tired. We landed safely over the water May 26. We are now in the British Isles. There is some of the most beautiful scenery here that I ever saw. I like it here fine. Ed Howard, Charley McAnally, Hueter and myself are all together.

There is a fine Y. M. C. A. here, which is so nice for we boys.

We have good eats and good beds so you see we are doing fine. I am

Great Red Cross Patriotic Picnic

Don't forget the GREAT RED CROSS PATRIOTIC PICNIC at Zalma July 4, as this will be an occasion long to be remembered. To say a Picnic at Zalma is always a guarantee of a large crowd. This is not a catch expression, for the people of Zalma would not stand for deception. To meet the requirements of such a large crowd of LIBERTY loving people, no effort or expense is being spared to meet every requirement and satisfy every mind, consequently arrangements are being made to have various kinds of amusements as well as refreshments. For the amusement of all a play entitled "MARY JANE'S PA" will be rendered by Bollinger county talent. This play is instructive, educating and entertaining. This play was presented by this troupe at Lutesville and met with GREAT success.

The war spirit of today, striving as it is for the rights of humanity, combined with the old Spirit of Seventy-six—and all this PATRIOTISM will be there—will be demanding speeches from men of ability. For this purpose there will be present one of the ablest speakers in the middle west, the HON. SAM A. BAKER of Jefferson City. Other speakers of no less ability than his will deliver patriotic addresses.

The WILL MAYFIELD COLLEGE orchestra will furnish excellent music for the day.

A Red Cross man from St. Louis whose name has not yet been made public will be present and no doubt he has a great message to deliver. We are assured by the South Western Division Headquarters that they will send him.

The citizens of Zalma and vicinity are putting the road in good shape from Zalma to Minor Deck place and the citizens of Lutesville and Marble Hill will put it in shape from Lutesville to the Minor Deck place. It is hoped that those who live near and are interested in the improvement of this road will lend a helping hand. Nearly all the labor is being donated. DON'T FORGET TO OFFER YOUR SERVICES, they are badly needed.

Many people have asked the question "Is this to be a picnic of the merry-making kind and are we to go just to have a good time and spend a little of our spare change?" we would answer emphatically "NO"

This is to be a celebration which will arouse anew the SPIRIT OF THE SIGNERS OF THE DECLARATION OF INDEPENDENCE, when this is so the people will understand more fully, and clearly realize their duties as regards to the winning of this war.

REMEMBER THE BOLLINGER COUNTY CHAPTER OF THE AMERICAN RED CROSS is behind this move and everything that goes for the making it a success is being done, without your support our efforts may be in vain.

COME! and help the RED CROSS which is one of our greatest war auxiliaries. Money which passes thru this arm of the government reaches the soldiers and renders assistance more readily and with less red tape than thru and other channel that it might pass.

Chapter Publicity Committee.

June 20, 1918.

DEAR GEN: How is THE PRESS and all concerned? I get the paper all right and, believe me, I read everything in it—advertisements and all. I see you are picking up on the Red Cross etc., advertisements.

We are both getting along all right and for myself, I am doing fine. I have gained some in weight and feel better than I did. It is pretty cool here and you have to keep moving to keep warm. The breeze from the ocean keeps in action all the time and you can't hide from it.

The whole bunch here is in an uproar, for some of us are leaving or going to leave. Some are going to France and others somewhere else. I don't know where, but some place in Virginia. Some are also going to officers' training camp, too, but that don't interest me much, for I could not qualify. We will just get some infantry drill here and will have to go some place else to get on the big guns. I don't suppose we will be here more than about two weeks at most. I wouldn't care to get rid of the rifle I have now, for it is sure some job, and wash day is worse.

There are several things I would like to send home, like shells etc., but haven't much time to do it, and then you can never tell whether they would ever get there or not. We're in the army now. We are not allowed to have cameras or kodaks, and no pictures go away.

We will go on guard duty the first of next week and then we can go to town. We sure do get some lectures along the line all right.

I hurt my finger the other day and it hurts all the time, but is better. This work is somewhat different from setting type. I see you are using your machine now (?)

There is one thing I miss here and that is a St. Louis paper. We get a Boston paper, but there is nothing to it.

I have a month's pay coming today, but won't get it until the first of July and maybe I'll be gone before then.

Don't know much that is happening except what I'm not allowed to tell.

Respectfully,

Chas. F. Richards.

Dear home folks: Perhaps I may be coming too fast for you, but I will assure you this will be the last for some time. Well I am some few miles farther from home than I was last time I wrote, but I am still in the United States. This is some camp here and what is more there are some towns around close, too. If I had been lucky enough to draw a salary of about \$300 per I think I would have taken in every thing but as it is I have taken in some. We are living in tents here, six and eight men to the tent. One thing we do have here in abundance is "Bunk Fatigue" and that is one thing a soldier surely does enjoy. About five times a day we have to fall out on line for an inspection or else a check on our clothes and equipment. Say, that sure does get you "nannie" too. Ha! I have already had a ride on the Hudson bay, been on the beach bathing, I mean at Coney Island and we get bathing suits there. They have got so now that they put U. S. on the soldiers' bathing suits—CAUSE—well they have places that sell ice cold Bevo—I suppose you all thought I was going to say beer, ha!

Any way I like this place much better than I did Funston, as we don't have so much dust and that ever blowing wind to contend with. The days here are nice and warm and the nights are very cool. We

are getting plenty of eats and clothes. I have more clothes now than I ever had in my life. I am sure Uncle Sam intends for me to go thru the whole war or else he would not be giving me so many clothes.

We have a new thing here to what we had in Funston in the guard house line. It is called the Stockade—say I am not going in there either if I can help it. Don't think for a minute there is a time when it is empty tho, never!

On our way out here we unloaded several times and took exercise and at every stop we found our ever admiring friend, the Red Cross, with cold drinks, hot drinks, sandwiches, candy, cigarettes, post cards, and every thing to make our journey a pleasant one. You have no idea how patriotic this good old U. S. A. is till you get a uniform on.

Some time before we left Funston Otto Haynes of our county was transferred to a different organization and left that camp and one day last week he came walking into Elfrink's tent and he was still all together. He is in some camp close here and says he likes it fine. We all like anything. For instance, when I came here I could not eat tomatoes and allways gave my share to my bunkie. But now I wish my bunkie did not like them, ha!

Fred Elfrink had a very long lonesome look on his face this eve and when I asked him what was the matter he did not answer me, but only asked me if I got a letter from (?) and I said no and that is

the reason we both had such a long face, cause he said my face was long, too. Fred says he is going to eat Christmas dinner at home and I have promised to be the honored guest, so you have some idea how long the war is going to last, ha!

Well I will cut it short as you will get tired of reading so much of my surplus dope. I conclude, sending everyone my best regards.

respectfully,

Bugler, John Hansen Jr.
